

Art Awards 2020-2021

Photography Awards- Ms. Angelia Perkins

In the Visual Arts this year, most of the exhibitions were cancelled, competitions placed on hold, senior solo shows did not happen, and most Art/Photography was created without the hands-on experience that is so critical to the Arts. Through all the chaos of the pandemic year, young artists/photographers persevered and used their skills to communicate visually that which was nearly impossible to put into words.

Lawrence High Photography students won 85 honors/awards. These students were able to have their photos exhibited in New York; accepted trophies, ribbons, and medals virtually; a couple spoke and presented their work internationally, and received multiple e-mails from teachers about how the Visual Arts helps everyone make it through the tough times. I am so honored to have taught these students and been able to encourage their creative minds. Angelia Perkins

Young Arts International Winner Alice Lubin-Meyer
